## **A Readers' Choice Award & Room Renovations**

Niagara-on-the-Lake, Ontario (March 1, 2012)

The 2012 Market Report from Meetings and Incentive Travel Magazine was released in their January/February 2012 issue where they announce the readers' choices in several travel related categories. Meeting Planners responded to survey of what properties continually exceed their expectations and best cater to their client's needs. Planners responded in record high levels this year with White Oaks Conference Resort & Spa being named one of the top six Best Venues with Beds. Other categories this year include Best Venues without Beds, Best Hotel Chain, Best Audio Visual, Best Online Registration, and Best Transportation.

The award is fitting since White Oaks Resort & Spa has been keenly focused on their "beds" in particular this year and have been renovating guestrooms in the hotel. In keeping with the property's efforts to continually improve and provide an atmosphere of sophisticated luxury the guestrooms have been outfitted with a new look and updated features in the bathroom which includes granite countertops, and beautiful new executive showers.
